

FAASTeam presents:

EAA Young Eagles Program and Lone Star Executive Airport Open House

EAA Young Eagles is a national program that provides free educational flights for youth ages 8-17 in order to get them interested in aviation. The Young Eagles flights will be departing from the Galaxy FBO. The airport open house will allow the public to get up close and personal with what a General Aviation airport has to offer their community. On display will be WWII AT-6 Warbirds, "Longbow" helicopters from the US Army's Aviation Regiment (based on this airport), Medical helicopters, Fire and Law Enforcement vehicles and displays, as well as Classic Cars and Private Aircraft on static display. Admission is Free and Smoky Mo's BBQ is available for purchase.

Directions: I-45 north to FM 3083, exit #89. Go Eastbound on FM 3083 approximately 3.5 miles to Airport Rd. Turn Left. Go .8 mile to airport entrance on Right. Enter property. When arriving at the T, go Right for Young Eagles, both Left and Right for Open House.

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?
Sign up for the FAA's safety services at www.FAASafety.gov!
